All, I've provided your contact information to Region 8. They would like to contact your tribal leaders on their possible participation on their consultation on the proposed Dewey-Burdock uranium recovery site located in the southern Black Hills in southwest South Dakota. I've asked them to contact you as well.

Hi Ella,

Following up on the voice mail message I left with your, attached are the formal consultation letters I mailed to the MN Sioux Tribes last week. The letters invite the Tribes to consult with us on the proposed Dewey-Burdock uranium recovery site located in the southern Black Hills in southwest South Dakota. The attached letter enclosures provide information about the Dewey-Burdock site.

Each letter is addressed to the Tribal leader. The Environmental Directors and Tribal Historic Preservation Officer (or cultural resources contact) received emailed courtesy copies.

Please let me know how or if you would like to be involved with any consultation activities involving these Tribes.

Thanks!

Valois
